

2020 - 2021 Extended Learning Goal Summary

Report Date: February 1, 2021

- Students in grades K - 8 were administered the NWEA assessment in the fall of 2020. Along with the NWEA fall data, class performance and attendance were reviewed to identify students at risk. Students were placed in interventions based on need and the progress of all students is being monitored using the NWEA winter assessment, as well as ongoing formative assessments within the classroom.
- Student growth will be monitored and assessed with a third NWEA assessment in the spring. The administration continues to monitor attendance and is implementing strategies for students that are not regularly attending class (learning labs, home visits, phone calls, video conferences, etc.).
- Parent Teacher conferences were held the weeks of October 12, 2020 and January 18, 2021 for students that were not meeting current academic expectations. Overall, we are pleased to report that our students are making academic progress regardless if they are learning in the face to face or remote environment.

Assessments Given:

Elementary	Middle School	High School
NWEA	NWEA	PSAT
AIMS Web	Local Assessments	SAT
State Assessments*	State Assessments*	State Assessments*

* The state of Michigan has requested a waiver for state assessments for the 2020 - 2021 school year.
